9. BOAT & HORSEPOWER REGULATION

All boats must be propeller-driven, a minimum of 16 feet in length and have a rear deck (with a seat if requested). All boats must be equipped with wheel steering; no other steering device will be permitted. No barges or similarly cumbersome craft will be permitted. Each boat must have all required U.S. Coast Guard safety equipment. Boats must contain a properly aerated live well space to maintain alive a limit catch. Maximum horsepower for all outboards used in tournament competition will be 250 horsepower, not to exceed the horsepower capacity set forth on the "Maximum Capacities" placard described below. Each boat must have a clearly legible "Maximum Capacities" (or comparably titled) placard that includes a maximum horsepower rating affixed to the boat by the manufacturer. The horsepower of the outboard engine must not exceed the maximum horsepower capacity specified on this placard or the 250-horsepower maximum set by S.A.B.A. By signing the entry form, contestants agree to submit their boat and/or motor to an inspection by S.A.B.A.'s personnel. Falsifying information on entry forms or altering the horsepower numbers on the motor or rating placard will be cause for disqualification from the tournament and may result in ineligibility to compete in future S.A.B.A. tournaments. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed (built-in) fuel tanks. Any additional fuel used during the tournament day must be purchased from a retail facility open to the public and pumped through a hose with a nozzle. 10. PERMITTED FISHING METHODS

Fishing is defined as having a lure attached to a line and a rod and reel with the rod in hand. All bass must be caught alive in a conventional sporting manner. All lures must adhere to state regulations. Only artificial lures may be used, except for pork trailers and biodegradable soft baits. Alabama rigs and similar umbrella-type rigs are not permitted. Only ONE fishing rod may be used at a time. Trolling as a method of fishing is strictly prohibited. Trolling is defined as operating the combustion engine to extend a cast or lengthen a retrieve. All bass caught while sight-fishing must be hooked inside the mouth.

11. PERMITTED FISHING LOCATIONS

Contestants may fish anywhere on tournament waters available to the public and accessible by boat except areas posted or otherwise designated as “off-limits,” “no boats,” “keep out,” “restricted,” “no trespassing” or “no fishing” (or similar language or markings intended to restrict public access) by S.A.B.A., commercial property owners and/or local, state or federal officials, or within 50 yards of a contestant’s boat that was first anchored. An anchored boat is a boat held in a stable position by a line attached to a weight or by a Power-Pole, Talon or similar shallow water anchor with the trolling motor in the up position. All fishing must be conducted from the boat. At no time, may a contestant leave the boat to land a fish or to make the boat more accessible to fishing waters. The cutting of trees, bushes and/or logs after the start of the pretournament meeting and/or the removal of official local, state or federal barricades at any time to make an area more accessible by boat is strictly prohibited and may result in disqualification from the tournament. The use of cables, ropes, chains or any type of block and tackle system to maneuver a boat into fishing waters is strictly prohibited and will result in disqualification from the tournament. Contestants must leave and return to the check-in by boat. The boat must remain in the tournament waters during the tournament day. No tournament boat may be loaded on a trailer before the weigh-in except with the permission of the tournament director. In the event of equipment failure or emergency the tournament director must be notified as soon as it is safe to do so. There are then two permitted methods of returning to the check-in: (1) by both paired anglers remaining in their boat and being towed by water, or (2) with permission from the tournament director, by one or both paired anglers entering the boat of another tournament contestant. Under these two conditions both contestants’ catches may be counted without a penalty (except for late penalties, dead-fish penalties or other penalties pertaining to other tournament rules) if the contestant’s fish are adequately marked so as to provide clear distinction of each angler’s catch to the tournament director. Contestants who elect to return to the check-in by any other means than cited above will forfeit their day’s catch to that point in time of the tournament day. Abandoning a boat and leaving it adrift without proper tie-off or anchoring after a mechanical failure may result in disqualification of that day’s weight. Any contestant returning to the check-in point will be eligible to restart and resume competition under the supervision of the tournament director or his designated tournament official. It is the sole responsibility of contestants to locate the tournament director to request a restart. The momentary condition of being out of sight of each other for restroom breaks is permitted.

12. CHECKPOINTS

There will be only one checkpoint for boat check in the morning and one check-in point in the afternoon. Failure to go through boat check and checkout in the morning or failure to check in at the check-in point will result in disqualification. All fishing must cease upon check-in.

13. LATE PENALTY

Contestants who are not at the check-in area at the appointed time will be penalized 1 pound per minute, deducted from the total weight, including any weight to be counted toward the Big Bass Award. Any contestant more than 15 minutes late will lose credit for that day's weight.

14. LIVE FISH

Every effort must be made to keep bass alive using a properly aerated live well. Two ounces will be deducted from the total weight for each dead bass presented for weigh-in.

15. SCORING

Scoring is determined by the pounds and ounces of each contestant's catch during each tournament. Only largemouth, spotted, redeye or smallmouth bass are accepted species. No regurgitated forage or other foreign matter may be placed in a bass. The daily limit will be five unless the state or lake limit is less than five, in which case the state or lake limit will prevail. Participants possessing more than the tournament limit must notify the tournament director immediately upon discovery of the infraction and reduce his/her catch to the tournament limit by releasing live bass. Anglers possessing more than the tournament limit will be penalized 1 pounds for each bass over the limit. The minimum length limit for bass will be 12 inches unless the state or lake limit is more than 12 inches, in which case, the state or lake limit will prevail. Bass presented for weigh-in that fail to measure the prescribed length limit will be penalized at the rate of 1 pound for each short bass presented. Each contestant's catch must be presented in an official weigh-in bag and verified by the signature of the participant. Failure to have a verified participant signature may result in disqualification of that day's catch.

16. TIES

Ties on 1 day tournaments will be resolved by a team's heaviest fish, by total number of fish for the tournament, or by total number of live fish for the tournament. If a tie remains it will then be broken by lottery. On multiple day tournaments, the heaviest one-day catch for the tournament will break ties on day 2 of a tournament. If a tie remains, it will be broken first by total number of fish for the tournament, then by total number of live fish for the tournament, by day 1 standings, then by the heaviest fish for the tournament. If a tie remains it will then be broken by lottery.

17. TRUTH VERIFICATION TEST

Each contestant agrees to submit, by signature on the tournament entry form, to a polygraph or voice stress analysis examination and to abide by its conclusion. Failure to pass an examination will result in disqualification from the tournament. Truth verification tests will be used at S.A.B. A.'s sole discretion, and the determination of the meaning of the results will be made solely by S.A.B.A.

18. INSURANCE

Liability insurance with coverage in reasonable amounts is required of all boater contestants in S.A.B.A. tournaments. An electronic or hard copy of valid insurance documents should be available for inspection by the tournament director. Random inspection of these documents may be conduct by the tournament director.
